Basketball	Hoops for Health promoting healthy lifestyle with basketball skills. Newcastle Eagles after-school basketball provision.
Gymnastics Festival	30 Pupils participated in gymnastics festival with other schools.
Rugby	KS2 pupils doing rugby skills and Tag Rugby.
Newcastle United Foundation	Children are targeted who might not ordinarily take part in sporting activities.

In the past few years we have invested a lot of Sports Premium money in Continuing Professional Development for all our staff in partnership with Burnside Technology College, focusing on early progression for KS1 children and stretching the more able in KS2. We have invested in resources and schemes of work to support best practice. It is our continued focus on CPD for staff at Richardson Dees and our school ethos that children should be given the opportunity to experience and enjoy a wide range of activities as is evidenced by our strong commitment to after-school sports provision that ultimately provides sustainability to our endeavours.

At Richardson Dees, children attend clubs in their own time, often inspired by the extra-curricular provision they have enjoyed through school. For example, we have some children who attend or have attended basketball training with Tyne Met Tigers; other pupils have taken part in local swimming galas such as at Hadrian Leisure Centre; some of our children attend football and rugby training sessions that are ran locally.

In previous years our Sports Premium funding spending has included:

- Basketball Programme for 20 x Years 1-3: Little Dribblers
- 28 x Y5 basketball coaching ending in a tournament.
- 11 x KS1 Afterschool coaching for KS1
- Work with the Burnside Partnership including: Continuing Professional Development for staff which included KS1 focus on progression in PE and KS2 focus on stretching the more able; Festival programme for dance, gymnastics and athletics.
- Swimming sessions for Years 3 and 4; Booster sessions for Year 6
- 20 x Y5/6 children received cricket coaching
- Literacy with football project for 11 x Reception children which linked early game skills with storytelling.
- Football Family Learning: 15 x School pupils attended a weekly workshop where they learned about healthy living and participated in fun games. Those children attending all the sessions received Newcastle United match tickets at the end.
- 24 x KS2 children participated in a pupil only course around healthy living. Again, those children attending all the sessions received Newcastle United match tickets at the end.
