

Literacy

Fiction

The children will be looking at stories with recurring language and use this as a model to create their own parts of a story.

Poetry

The children will be looking at riddles, trying to solve some and creating their own!

Non Fiction

Children will also write a non-fiction report, looking at sorting and categorising information.

ICT and Computing

Programming

Children are continuing to use LOGO to create words and pictures, using repeat commands to achieve this.

Year 2 Dragons

Spring 1

Wheels, Wings and Other Things

Maths

Number and Place Value

Children will be learning to count in steps of 2, 3 and 5, starting from any number as well as recognising place value and using this to solve number problems.

Addition and Subtraction

Recalling and using addition and subtraction facts to 20 fluently.

Geometry (properties of shape)

Identifying properties of 3D shapes.

Measures

Compare and order lengths, mass and volume and record their results.

Science

Children are continuing to think about the topic

Everyday materials and their uses.

Children will:

Find out how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting and stretching.

Find out about some of the physical properties of different materials.

Children will also begin to think about the topic of:

Living things and their habitats.

Children will: Explore and compare the differences between things that are living, dead and things that have never been alive.

Identify that most living things live in habitats to which they are suited and describe how different habitats provide basic needs.

PE

The children will be working with a

Art & DT

Children will be learning about the artist Monet, as well as designing and making their own vehicle.

Music

Learning to play notes E and D on the chime bars.

Listening games.

Enrichment

Trip to be announced...!

History & Geography

Children will learn about the history of transport including looking at George Stephenson as well as looking at transport used on the River Tyne. Children will learn about the location of the continents and oceans, as well as using compass directions and directional language.

RE and PSHE

Children will be following the 'Jigsaw' scheme of work for PSHCE.

Children will be learning about an R.E event in assembly and following this up with class work.
